Ms Lola Hayward
Chairperson
Gnowangerup Community Resource Centre
PO Box 51
GNOWANGERUP WA 6335

manager@gnowangerupcrc.com.au

Dear Ms Hayward

COMMUNITY RESOURCE CENTRE FUNDING

The McGowan Government is committed to maintaining the Community Resource Centre (CRC) program funding.

The CRC network has been through significant change over recent years and I believe that a period of consolidation and review is now needed.

I am also keen to provide ongoing certainty to CRCs once the current contract expires on 30 June 2020.

As a result, I have asked the Department of Primary Industries and Regional Development (DPIRD) to consult with the CRC network to undertake a process to review the current CRC contracts – what is working well and what improvements can be made.

I am keen to understand what the new contract arrangements will look like from 1 July 2020 and to determine, in collaboration with the CRC network, how each CRC will be engaged to deliver services, on behalf of government, to their community.

For this work to have the time required for full consultation to occur and to allow for a high quality co-design of the contract between government and the CRC Network, I have approved in principle the following strategy:

1. CRCs to be offered an extension to their current contract from 1 July 2020 to 30 June 2022, subject to confirmation that the CRC has met its contractual requirements under the current arrangement. During this time work will be done to improve the link to government requirements in the regions and where CRCs can help deliver these requirements. This timeframe also provides the opportunity for DPIRD to work closely with the CRC network to undertake a robust co-design of service delivery and for CRCs and government to work collaboratively to achieve the best outcome.

2. The delivery of a tender process for service provision beyond 30 June 2022 that meets procurement guidelines, but is not an onerous task for CRCs to engage in to deliver a tender offer.
3. A contract of services for CRCs to deliver to government that has been designed to meet local community needs and that will show the value of the CRC network in assisting government to deliver to regional WA.

I strongly encourage you to engage with DPIRD and provide advice and assistance about how your CRC can be the conduit for the work required in the regions by government agencies, and to actively work on the design of the new contract to ensure it meets the local needs of your community.

Yours sincerely
